Recreational Marijuana – what's the big deal? By Deb Bartel

Loaded question, right? It's a very complicated issue with many facets but from an HR perspective, what do we need to be aware of? How does this impact your current drug policy / employee handbook? While I'm not a lawyer, doctor or even a marijuana user I've been looking at this issue from an employer standpoint for several years – even before Oregon passed their version a couple of years ago. In this open session, we'll talk about some of the issues any state may face if they legalize it and learn how you might avoid some pitfalls.

- What do we know?

- What don't we know?

- What can we do and when needed, who do we call?
